Porte Hands Passports to the Balkan Envoys
HOSTILITIES ON THE BORDER

Sultan's Men Turned on Bulgarians—Greeks Next—Fighting Has Begun in Earnest by the Turkish Army.

London, Oct. 17.—Dispatches from Constantinople yesterday said the Turkish empire, threatened by all its European dependencies, had declared war on Bulgaria and Serbia.

The sultan gave the Bulgarian and Serbian governments no time to serve further ultimatums.

The Porte handed their passports to the Bulgarian and Serbian ministers in Constantinople and a general advance of Ottoman troops began.

Fighting immediately broke out along practically the whole length of the Turco-Bulgarian and Turco-Serbian frontiers. The bulk of the sultan's forces were not within striking distance of the enemy yesterday. By the end of the week it was expected the full forces of the opposing armies would be engaged.

The Turkish government, for some reason, did not declare war against Greece at the same time as Bulgaria and Serbia. The Turks advanced, however, across the Greek frontier, and fighting began there as well as to the northward.

The Greeks reported attacking the Turks in a small naval engagement, which occurred at the entrance to the gulf of Arta. The Greek fleet also sailed for the gulf of Sparta.

Pittsburg Man Knifed for Saying That
Roosevelt Deserved
Attack.

Pittsburg, Oct. 18.—Because he declared in the presence of a crowd that Roosevelt deserved the bullet he got, James W. Colbeck, aged 36, a dry goods merchant of 723 Frederick street, was killed Wednesday by two men whom the police are seeking.

Colbeck in a cafe heard a group of men discussing the shooting of Col. Roosevelt. He got into the discussion. "Well, anyhow," said Tony Breck, the bartender, "I'll bet that bullet puts him in the White House, and that will be twice Teddy's been shot into the president's chair."

"He deserved what he got," said Colbeck. "It's too bad the bullet didn't finish him."

Colbeck got a blow in the face that felled him. He arose and rushed at the man who struck him. Another man, who Breck says was an Italian, plunged a long knife into Colbeck. He died an hour later at the Ohio Valley hospital.

EXPORTS TO CANADA GAIN.

Million Dollars' Worth of Goods Crossing
the Line Daily.

Washington, Oct. 18.—Continued increase in exports from the United States to Canada are brought to light in a current official report of the bureau of foreign and domestic commerce. A conservative estimate of the average export business is placed at over \$1,000,000 a day. Three years ago it averaged \$500,000 a day, and a dozen years ago averaged \$250,000.

According to the latest compilation, the August statement of exports shows that the value of merchandise exported to Canada during 24 days, from Jan. 1 to Aug. 31, 1912, is \$248,725,771. Bituminous coal, automobiles, manufactures of iron and steel, lumber, corn and unmanufactured cotton are some of the articles which have marked the largest increase in exportation.

HOW TO RESIST

Chronic Coughs and Colds.

Strong, vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your run-down condition again?

Mrs. Olivia Parham of East Durham, N. C., says: "I took Vinol for a chronic cough, which had lasted two years, and the cough not only disappeared, but it built up my strength as well."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say. Red Cross Pharmacy, Burt H. Wells, Prop., Barre, Vt.

FORD'S THEATRE TO GO.

Building in Which Lincoln Was Shot
Condemned as Unsafe.

Washington, Oct. 18.—It is probable that the old Ford theatre building, in which President Lincoln was shot by John Wilkes Booth in 1865, will be razed in the near future. The commission on economy and efficiency has just filed a report with President Taft condemning the structure and recommending remedial measures of some kind. The commission found that the building was unsafe, unsanitary and poorly ventilated.

The theatre was taken over by the government after the shooting of President Lincoln. For awhile it stood vacant but during the last few years it has been used by a part of the clerical force of the adjutant-general's office. Architects of this city have been saying for the last twenty years that the building was not safe and that it should be torn down. Twenty men were killed in the collapse of one of the floors in 1893.

Miss Annie Barclay of Barre was bride's maid and Miss Florence Ford, a sister, was maid of honor. Walter H. Shaw of Manchester, a classmate of the groom, was the best man and little Gertrude Brown was ring bearer. Fred K. Foster acted as usher.

The bride was attired in a gown of white satin cashmere with princess lace and carried a shower bouquet of bridal roses. The maids were in pink and white.

The ceremony was held in the living room under an arch of potted ferns and palms. A reception was held after the wedding when numerous pretty gifts were displayed.

BIRTH OF TWINS

DELIGHTS COLONEL

Roosevelt to Greet the Newcomers, One
His Namesake, at the
Hospital.

Chicago, Oct. 18.—A genuine surprise was sprung on Col. Roosevelt at Mercy hospital yesterday, when he was told that his advent there Tuesday morning had been preceded by the birth of one twin and that he had been in the hospital but a few minutes before the second youngster saw the light.

The colonel chuckled at the news. He signified his pleasure by a volley of "lines" and "bullies," and forgot everything else—even the tempting offer of a bull moose steak by an admirer.

When told that the elder of the twins had been named for him, his delight knew no bounds.

"Fine!" he exploded. "Bring 'em to me at once. I would like to see the youngsters and their mother as soon as they can possible call. Please give the mother my congratulations."

The parents of the young ones are Dominick and Nellie Walsh, a young Irish couple.

When the colonel's wish was communicated to Mrs. Walsh, she said: "No greater honor could come to me than to have Col. Roosevelt see the babies. I will have them dressed in their best when they call on him this afternoon, and I hope he will be more pleased than ever when he sees them."

The father of the babies was also delighted.

DIAZ'S REVOLT GATHERS FORCE

New Mexican Revolution Likely
to be Widespread

GUNBOAT TO VERA CRUZ

To Look After American Interests in
the Captured City—Madero Faces
Critical Stage—Friends
Desert.

Washington, Oct. 18.—The United States cruiser Des Moines, which is now on the way to Progreso, Mexico, has been ordered back to Vera Cruz as a result of the surrender of the military, police and naval forces to the new rebel leader, Gen. Felix Diaz, nephew of the former president. The Des Moines has been making a series of visits along the Mexican gulf coast, and only a few days ago left Vera Cruz after a stay of two weeks at that port. Commander Hughes reported on his departure that all was quiet and that the revolutionary movement under Gen. Aguilar seemed to have died down.

It is the intention of the state department to send more warships to Vera Cruz if the situation there becomes more menacing. It is believed, however, that as the revolutionists are in absolute control of the city, and all is now quiet, there is little or no danger to American life and property at this time.

News of the complete surrender of all the forces of Vera Cruz to Gen. Diaz was received at the state department yesterday.

Officials have long been apprehensive of just such an occurrence, as it has been known that Gen. Diaz was contemplating taking the field against the Madero government. His instantaneous success is no more than was expected, and further successes are looked for soon.

Gen. Diaz's position at Vera Cruz is so menacing to Mexico City that Washington officials look for rapid developments in the situation unless Diaz should be promptly crushed by the federal forces. This is regarded as most improbable. In fact, large desertions from the federal

troops to the banner of Gen. Diaz are expected to follow his initial success at Vera Cruz.

Gen. Aguilar, former federal commander, is already operating in Vera Cruz and the adjoining state of Mexico in conjunction with Gen. Diaz, and it is reported that Diaz has received pledges of the support of Zapata.

Mexico City, Oct. 18.—The news of the capitulation of the city of Vera Cruz, the garrison and the naval fleet to Felix Diaz caused consternation in government circles, although vigorous efforts were made to minimize the importance of the event. Minister of War Fena immediately

ly dispatched all available troops, numbering 500, to attack Vera Cruz, but it is doubtful whether they will reach that point in safety. It was rumored on Wednesday afternoon that Orizaba, the largest industrial center in the state, and Corbobo and Jalapa had revolted and proclaimed Diaz president. A like rumor comes from Oaxaca, the birthplace of Porfirio Diaz.

Elizabeth Bartholomew, who attends the Jericho school, had not missed a day from school for three years until compelled to be out a few days last week on account of illness.
